Dr. C. H. Jennings
Laboratory of Public Archaeology
Colorado State University
Fort Collins, Colorado 80523

Dear Dr. Jennings:

Since we have not received a response to our request letter of May 3, 1978, we have consulted with the Office of the State Archaeologist and the Department of Historic Preservation concerning your preliminary report of May, 1976. They are providing us with a file search on the Rocky Flats area.

They tell us that it is imperative and urgent that we include information in our Environmental Impact Statement which could be provided by your final report and recommendations.

The public and many government agencies have urged the Department of Energy to provide an Environmental Impact Statement on Rocky Flats expeditiously. We, therefore plan to conclude the final draft no later than October 31, 1978. Your cooperation would be greatly appreciated.

We would like to hear from you on this matter. Please call me at 303-497-4098 or, after September 14, Margaret Hickey, 303-497-2635.

Sincerely yours,

M. V. Werkema
